THIRTY-SIXTH YEAR. NO. 19.

CEDARVILLE, OHIO, FRIDAY, MAY 9 1913.

PRICE, \$1.00 A YEAR

GOVERNOR'S SECRETARY ADDRESSES AUTO MEN.

The Springfield Automobile Club held its annual meeting and banquet Tuesday evening when Dr. C. L. Hunsfeld, president of the State Automobile Association and Governor's Secretary, addressed the assembly.

The former condemned the Warren auto tax bill passed by the legislature, while the latter spoke in behalf of the thousands that do not own automobiles.

"You have heard the subject of an automobile tax discussed from the point of view of a man who does not own a machine, and I do not want to be understood as speaking for Governor Cox, either."

"You men have absolutely controlled the roads of the state for your automobiles and you ought to be made to pay for it. You have made it necessary to the man who drives a horse-drawn vehicle over the roads of the state to turn out to let you pass, to suffer the inconvenience of driving through the clouds of dust you raise and, gentlemen, since you have begun to fill the roads of Ohio with motor-driven vehicles it is no longer safe to drive a horse-drawn vehicle."

"The money you men pay into the state treasury, in the form of an automobile tax, is not frittered away, not sent out of Ohio. It is used right here in Ohio for the benefit of the people of the state. The automobile has increased the expenses of the state of Ohio and I see no reason why the automobile should not be made to bear its just share of that increase."

"I want to inform you that Governor Cox was not in favor of the revision of the Warren bill which required that the money should be turned into the general fund, instead of the road fund, and that if Governor Cox had his way about it there would have been a graduated tax on automobiles, the higher tax on the high priced machines and the smaller rate for the machines of lower speed."

Now, having said so much seriously, I want to discuss more facetiously some other aspects of my theme. You men own automobiles. You look to us men who have never been millionaires. To a man who has no machine, you look like the most heartless barbarians in the world. In his mind's eye, the man who does not own a machine sees where you have some past, a trail of chicken feathers, where you have recently run down the innocent, pointing along the

The following are the graduates and where they will locate: J. Humphrey Dean, Xenia, Ohio, will go to North Argyle, N. Y. D. W. McVey, of Sterling, Kansas, will have charge at McChesneytown, O.

W. C. McCleary, of Leland, Ill., will have charge of the North Henderson congregation, near Alexis, Ill. A. D. Anderson, of Ray, Ind., will probably go to the mission field.

A. M. Neale, of Kimbolton, O., will be located at Scotch Ridge, O. B. C. Coleman, of New Concord, will have two charges at Poole and Mayers, Neb.

J. Kelly Griffin, of St. Clairsville, O., will go to Muskingum college, as an assistant to President Dr. J. Knox Montgomery.

A. L. Yarnell, of Cambridge, O., will begin his ministry at Arlington, Wis. Floyd Hamilton, of Clinton, was run down by an automobile while turning a corner in Springfield last Friday.

He received a broken limb and neck. Both auto and motorcycle were badly damaged.

COUNCIL MEETING.

Council met in regular session Monday evening, all members being present.

The bills for the month amounted to \$242.31. The reports of the various committees were adopted. An ordinance for constructing a cement curb and gutter in front of the J. H. Andrews and E. T. Tarbox properties was passed. These two properties are the only ones that have not complied with the improvement ordinance passed last summer which resulted in new curbs and gutters being constructed. Mr. Tarbox showed good intentions by letting the contract, but the contractor failed to do the work. Mr. Andrews ignored all his legal notices and indirectly has challenged the officials. As a result council will let bids and make the improvement and tax same to the property.

A petition was presented signed by most every property owner and small business man on Main street asking that these streets be oiled to keep down the dust. Council is powerless to act at once under the law as 60 days is required before the work can be started. Council by a full vote passed a resolution granting the property owners and individuals the right to oil. Where the oiling is completed at once streets on Main street will bear the expense of the square. In another year if the public desires council to do the oiling it will be necessary for the ordinance to be passed not later than February to comply with the referendum law.

FACTS WORTH READING.

The following is sent by a subscriber, Rev. H. P. Jackson, who states that Secretary Bryan is not afraid to stand by his conscience—on a public man that pays one-tenth of his income to the Lord:

A writer in the Congressionalist, following Secretary Bryan, gives a pleasant view of William Jennings Bryan as a neighbor and Christian at Lincoln, Neb.: "It was characteristic of Mr. Bryan that when he came to Lincoln twenty-five years ago he came at once an active member of the First Presbyterian church. He seems to have been a normally developed Christian boy. At fourteen he declared his faith. His has been an instinctive and positive faith. His participation in church work and life does not suffer vacation moods. He gives a tenth of his income to the work of the kingdom. No more unassuming citizen walks the street of Lincoln or rides in his street cars. There seems to be no craving for luxury, no concern for ostentation. The modesty he brought up in the little neighborhood church, the mother long had a class of young people in the Bible school. One child has since become an Episcopalian and one a Congregationalist, while Mr.

support to the Westminster Presbyterian church in South Lincoln that they may aid their native land. They went out from the mother church down town." The telegraphic news reports Mr. Bryan as assuming active work in connection with Sabbath afternoon meetings in the Y. M. C. A. of the national capital.

Dr. E. C. Oglesbee will be away from his office next Tuesday and Wednesday attending a meeting of the State Medical Association in Marion.

One of the incidents in the recent flood which was not disastrous to the general public was the loss of millions of gallons of booze which floated down the Ohio river when the Ruffy distillery collapsed and its product went to swell the high waters. About 5,000 barrels of the redye, valued at \$250,000, went where it couldn't hurt anybody except the fishes.

The motorcycle craze seems to have struck town. Among those who have new machines are Hugh Grindie, John Steele, W. R. Kennon and Hugh Marshall.

Mr. R. P. McLean, who has conducted the Central Hotel and Restaurant for more than a year has closed up his business and will devote his time to some other line.

That people read, advertising was proven by the Adv. of the Home Clothing Co., in our last issue. A handsome wall pocket or mirror hat rack is being given away by this firm upon the purchase of stipulated amounts of merchandise and the payment of a small fee.

The Adv. attracted attention but the necessary prices were missing to make the reader understand the liberal offer. If you could not understand the proposition last week just take a look at the Adv. in this issue.

DIED OF LOCK-JAW.

Tease Young, aged 47, died early Tuesday morning, after suffering more than a week with lock-jaw, induced by an injury to his right foot while at work on the Andrew Winter farm, south of town, one day last week.

Young was engaged in plowing and while going around a stump the double-tree caught. He stepped forward and lifted it and at the same time spoke to his horse to stop. The horse moved up. The plow had caught on a root and the team gave a jerk which resulted in the point striking the middle of Young's right foot.

The injury was an unusual one and sufficing great and it could be done in a medical way was administered. There was no hope for his recovery after lock-jaw developed. The deceased leaves no relatives in this community except his marriage. His wife, formerly a Shagadecker, died a couple of years ago. The funeral was held Thursday.

Mrs. W. A. Condon, and children, of Trenton, are visiting Mr. and Mrs. R. C. Watt.

Mr. Andrew Jackson shipped his promising paper on Monday to Columbus, where Mr. Frank Hedrick will add to his string of race. The young mare is steep footed and his made miles in 2:12 without hobbles. There is promise of reducing the time considerably this season.

Invitations are out for the marriage of Mr. Howard Turnbull and Miss Letta Bangs, Wednesday, May 14.

Mr. and Mrs. A. D. Carver, of Richmond, Ind., are spending a few days with the latter's parents, Mr. Wm. Jeffries and wife.

Watt & Foust recently sold one of their prize-winning hogs to Kohl & Michler, of New York, Ind., for \$800. The hog had taken first prizes at Ohio, Indiana and Kentucky state fairs last year.

W. B. Clark, of Clinton, has purchased the Aaron White property in that village.

Mr. Ernest Foster, who has been teaching the past winter in the Idaho, Ind., has returned to his home in Clinton last Saturday. Mr. Foster has entered college and will finish with the graduating class this year, having only a few weeks work to complete his course.

Dr. Elmer Elder, of Pueblo, Col., who was called to Yellow Springs by the death of his mother, called on friends in this section.

Hon. George Little is recorded as the largest contributor to the fund at Tippecanoe, according to the Herald. Mr. Little is the village at the time the money was for flood relief.

An old woman in Dayton bears the inscription of a line out as high as the height of water during the flood in that city in 1886. The flood last month passed the former record by seven feet and three inches.

Miss Florence White, of Clinton, has been quite ill.

Gov. Cox has lifted martial law in Dayton and Hamilton where these cities have been under control of the state for the past 42 days. At one time there were 2,500 men on duty in Dayton alone. For several weeks the number has been reduced to 100 men. Conditions are gradually becoming normal in the city, yet there remains a vast amount of work to be done in cleaning the mud from the streets and alleys in the residence sections. Probably no city in the world ever suffered as great a loss and is coming out of the ruins in so quick a time as Dayton.

Expert testimony in a murder trial in Springfield failed to convict a young man charged with the murder of a woman. It also failed on the part of the defendant to bring about acquittal, all of which proves that the more complicated the case, the more the complications allowed to enter a case. The case was not a simple one, and the jury was deeply divided. People generally have their views on the case and are satisfied regardless of what expert physicians may say. The only avowed reason for the acquittal was that the defendant was charged with using a certain poison which the experts failed to find in the post mortem examination. The case was not fought so much on its merits, but for the notoriety certain physicians and attorneys could win and all at the expense of the taxpayer. The case was a good illustration of crime, but gallery play on the part of certain professions has defeated justice more than once.

During the constitutional convention the Anti-Saloon League gloated over the fact that the wets were forced to inject a clause limiting saloons to one per township. The league is good character clause for bartenders whatever that means. Now the legislature has completed the license law under the provisions of the new constitution, and the league is again in the American issue with naughty things in the last number. The league ever threatens state-wide prohibition which only causes a smile in wet headquarers after a license carried in the state in 1900. The league is now making a league engine against it. The league is hopping about has only been amusement for those who could not endorse the position taken last summer. The league is now making a liability injected into the liquor license problem, the longer we will have the great destroyer with us. And public sentiment has about concluded granting full accord for the good cause. The league is now making a anti-saloon league modified license the longer certain men will be able to prey on the temperament of temperance people for an easy living.

LESSON FOR MAY 11.

LESSON TEXT--Gen. 31:25-40.
GOLDEN TEXT--"God giveth grace to the humble." 1 Peter 5:5.

"Hopes deferred maketh the heart sick." Surely Joseph has had enough of deferred hope during his thirteen years of humiliation, yet he did not lose faith in God during those days of the seeming failure of God's Word (Ch. 40:8; 41:16) and now there is dawning the day of his exaltation! Two years have elapsed since the end of last week's lesson and again his powers of interpretation are called into use.

I. *Pharaoh's Dreams*, vv. 23-32. Pharaoh is perplexed and his perplexity recalls to the butler his forgotten promise to his fellow prisoner, 40:14 and 41:13. It does not seem to us that Joseph's interpretation was so easily won by honest sorrow, rather he is impelled by a desire to secure the advantage he felt sure would accrue if he could succeed in securing for Pharaoh the interpretation of his dreams. He ought to have remembered Joseph before this but even his gratitude is used of God as a means of hastening the fore at the most opportune moment.

Did Not Forget God.

Joseph is a good example for present day church members to follow in that being exalted among men or being away from home he did not forget to confess God. Furthermore his predictions based upon his intelligent knowledge of the future could not be better. The whole matter, Pharaoh's dream and Joseph's ability as an interpreter were inspired, "established" by God. There is no such thing as chance in the spiritual realm any more than in the realm of physics or chemistry. Back of every effort is an adequate cause. Hence the Lord said hence his words that, "the thing is established (prepared) by God, and God will shortly bring it to pass."

II. Pharaoh's Deliverer, vv. 33-40 Joseph told Pharaoh the meaning of his dream which had been repeated and which seemed like two different dreams, whereas it was but one in the divine interpretation. It is encouraging, however, to teach a man what is the matter with him, most men know without being told, but it is quite another thing to present a rational cure. Joseph's interpretation commanded Pharaoh's confidence and his suggested policy is one of wisdom and good judgment, viz: (1) a man who shall be a ruler over all the servants of the king; (2) a government which shall have plans for meeting the most dire calamity; (3) a governmental department which shall devote itself solely to this matter, and (3) abundant storage of provisions during the seven years of plenty.

Pharaoh's Wisdom.

This man of piety knew how to properly improve his opportunity and Pharaoh saw the secret of Joseph's wisdom (vs. 38), "a man in whom there was the spirit of God" (vs. 39). Joseph had the wisdom to set in authority the spirit-filled man, a broad suggestion for voters, business men, and even church members. True discretion is God taught (vs. 38) and we now begin to see that Joseph's testimony began for God is being honored (Gen. 12:20-26). That Joseph was worthy of the honor and the position of ruler (vs. 40) (vs. 40, 41; cf. Matt. 28:18). The source of Joseph's wisdom is open to all (Jas. 1:5), and his worthiness came because of his obedience (1st John 1:19). His training and testing had prepared him to occupy his exalted position.

which with proper nurture and zeal

 seph's exaltation to power is a good
 type of Christ, (a) in the power be-
 stowed upon him, *Jno. 3:25*; (b) in

 princes were under his feet; *Psa. 105*

 Joseph did not make a great power
 for his household and for the world
 modern rulers among men. He did
 not at once send for the members of
 his family and place them in lucra-
 tive positions, but at once set about mak-
 ing provision for the future. It has
 been suggested that the "unsuccess-
 ful" interpreters of Pharaoh's dream must
 have ridiculed Joseph but he certainly
 was sustained by his conviction that
 "God's word was true and that
 the years of famine were certain to
 come. This ought to admonish us to
 improve our present, priceless, oppor-
 tunities (*Eph. 5:16*). Joseph's open
 confession was his leaning back upon
 God."

Cut Your Seed Bill in Two== An Excelsior Will Do It

How much seed do you sow to the acre? Most farmers that haven't an EXCELSIOR Alfalfa and Clover Drill use 15 to 20 pounds to the acre. Farmers that have operated an EXCELSIOR generally buy 6 to 9 pounds of seed and secure a good catch, because ALL of the seed is put IN the ground, evenly, accurately and not too deep, and in furrows only 4 inches apart, thus insuring a maximum tonnage to the acre.

Your yield of wheat will be increased also from 3 to 7 bushels to the acre through proper cultivation. The dista on an EXCELSIOR are turned to a very slight angle, no damage done to the tender tap roots of wheat or timothy plants.

The original and only practical drill. Call and see us. Look the EXCELSIOR over, you will then understand why it will pay you to purchase now.
